ABOUT THE MATERIAL AID AND ADVOCACY PROGRAM (MAAP)

MAAP follows the leadership of, amplifies, and organizes with unhoused people and people who use drugs for evidence-based solutions to the interconnected systems and harmful policy they are surviving. Housing justice, racial justice, ending the racist war on drugs, prison abolition, decriminalization of homelessness, accessible and comprehensive healthcare for all are our work.

While doing this we support people in meeting their self-identified needs through sweep support and at our no-threshold drop-in space where people access material aid and meals; have risk reduction conversations and safety plan; connect to resources and providers; build community; care for each other; and organize.
