ABOUT THE MATERIAL AID AND ADVOCACY PROGRAM (MAAP)

MAAP follows the leadership of, amplifies, and organizes with people who are unhoused and people who use drugs for evidence-based solutions to the interconnected systems and policy failures they are surviving. While doing this we support people in meeting their self-identified needs through outreach and sweep support, and at our low-threshold drop-in space where people access material aid and meals; have risk reduction conversations and safety plan; connect to resources and providers; build community; care for each other; and organize.
